

Legislator Jobs Report Card

2011

How Mississippi Legislators
Vote on Business, Jobs and
Economic Growth Issues

www.bipec.org

DETAILS ABOUT EVALUATION PROCESS

What are the five performance levels?

Lawmakers are given one of five performance grades. Each grade indicates to business leaders how, in general, legislators support economic growth, jobs and other broad job-related issues.

BUSINESS CHAMPION	A
STRONG BUSINESS SUPPORT	B
AVERAGE BUSINESS SUPPORT	C
BELOW AVERAGE BUSINESS SUPPORT	D
FAILING BUSINESS SUPPORT	F

- “Number” grades were used for the BIPEC Jobs Report Card prior to the use of “letter” grades in 2009 – for use in determining the 3 year average, 2008 scores were converted to the current letter grade scale.
- While averaging the 3 yearly scores, pluses (+) and minuses (-) were used to more accurately reflect the 3 year performance of the legislators (pluses and minuses are not and will not be used for the yearly scoring assessment).
- For the most recently concluded legislative session, the 2010 Bills and Action Card and Bills Vote Key are included – the Bills and Action Card gives brief descriptions of the legislation, the vote totals, notations regarding the closeness (within 2/3rds margin) of the vote, and the “business” vote position (yea or nay). The Bills Vote Key provides the voting tally sheet for each of the legislators and their votes used for the scoring process.

For additional information including direct links to the MS Legislature website, Bills and Action Cards and Voting Keys, please visit www.bipec.org.

What does a performance evaluation mean?

BIPEC’s performance evaluation is a measuring stick used to determine each legislator’s business philosophy, attitude and effectiveness in supporting growth of jobs in Mississippi. Over 60 business and professional leaders participate in the rating process. Key factors of the assessment are:

- Legislator’s votes on clearly identified economic principles and employer issues
- Leadership in committee and floor debates on job-related issues
- Encouragement of other legislators to support economic growth and build coalitions

What types of votes are used in the ratings?

It is important to note that no single issue dominates BIPEC’s ratings. A great deal of effort is made to ensure that the votes chosen represent a broad cross-section of employer-related issues. Votes impacting operating costs and restriction of management choices are viewed as very important. Key subject areas include:

- Government growth
- Government regulation
- Privatization of government services
- Lawsuit reduction
- Environmental protection
- Labor/management issues
- Incentives for job growth
- Workers Compensation
- Business taxation
- Government spending controls

How to use the BIPEC Legislative Jobs Report Card?

In 1980, the Business and Industry Political Education Committee (BIPEC) was founded by Mississippi’s business and professional leaders to supply needed political research information. Founders wanted credible information to identify candidates who understood needs and concerns of employers...these employers are the people who take risks to create jobs, stimulate our economy and give back to communities! Use this guide to determine and assess your legislator’s support of the employers who provide the jobs our state needs to thrive. Please visit www.bipec.org for additional information and for links to various other resources that will help you to seek accountability from your elected officials, especially in this election year of 2011!

BIPEC 2011 LEGISLATOR JOBS SCORE CARD

Bill Author	Issue	vote key	H	ouse	Business vote
			S	enate	
HB 1240 Johnson	Required liability insurers to disclose the limit and coverage amounts to third party claimants; would result in add'l costs to businesses and would reduce negotiation/settlement opportunities	A	H	60 - 58 - 4	nay
SB2515 Hewes	Strongly supported by MS employers, this would have allowed businesses an income tax credit against their paid inventory taxes; MS is 1 of 9 states burdening businesses w/ an inventory tax	A	S	45 - 5 - 1	yea
HB 403 Watson	Economic incentives for solar panel manufacturer STION; the \$500million facility located in Hattiesburg will provide 1,000 jobs	B	H	117 - 2 - 1 - 1	yea
		B	S	50 - 0	yea
HB 625 C. Brown	Strongly opposed by MS employers, this bill would have allowed union dues to be payroll auto-deducted ("check-off") for school teachers	C	H	59 - 60 - 2	nay
HB 225 Mayo	Strongly opposed by MS employers, this bill would have prohibited employers from terminating any worker that had filed a work comp claim, regardless of cause and without time limits	D	H	61 - 58 - 3	nay
SB2618 Fillingane	"Sunshine" attorney act; essentially attempted to create oversight procedures for state contracted attorneys via contract bids, fee structures	C	S	39 - 12	yea
SB 2570 T. Brown	Ultimately, this measure attempted to streamline the personnel procedures by which state employees are hired/fired	D	S	24 - 23 - 4	yea
HB 1078 Watson	Streamlines the legal process by allowing Work Comp cases on appeal to by-pass lower courts and go directly from the MS Work Comp Commission to the MS Supreme Court	E	H	117 - 2 - 3	yea
		E	S	49 - 0 - 2	yea
HB 105 Mayo	Addressed the issue of on site waste water systems and updated current laws to be more consumer and business friendly; allows consumer to hire own engineer for system design; allows for more convenient local license renewals; created advisory board of private businesses and state agencies	F	H	103-17-2	yea
		F	S	37-7-1	yea
SB 2445 Dearing	Reenacted the MS Pharmacy Practices Act, but also took an anti-business departure in the regulatory arena. Under the conference report passed in both chambers and sent to Gov., regulatory authority over Pharmacy Benefit Managers (PBMs) was taken from Dept of Insurance and shifted to Board of Pharmacy. As relayed by the Federal Trade Commission, this will undermine the PBM's ability to negotiate lower prices for prescription drugs, which in turn, will raise prices for both insurers and consumers covered by insurance. In short, the effect is an anti-competitive one.	G	H	116 - 4 - 2	nay
		G	S	46 - 4 - 2	nay
HCR 41 Monsour	Attempt to create a constitutional amendment to prohibit the state from requiring anyone to purchase healthcare coverage as mandated by recent federal legislation	H	H	54 - 66	yea
SB 2852 Clarke	MS Freedom of Choice in Healthcare Act; attempted to prohibit the state from requiring anyone to purchase healthcare coverage as mandated by recent federal legislation	H	S	45 - 5 - 1	yea
HB 932 Clark	Bill requiring a creditor to forgive a debt and purge from credit reports by simply claiming to be a victim of identity theft via "certified mail" - as crafted, this bill had the potential for abuse and resulting litigation costs; existing safeguards are already in place for consumers and creditors	I	H	66 - 52	nay
JR 1 Reynolds	Proposed House Redistricting Plan; significantly ignored under-served areas with population increases (like H'burg, Madison & Rankin) while overpopulating voter numbers in districts with a conservative base, thus diluting the districts cumulative voting strength for the 2012 House Speaker race	J	H	66 - 56	nay
JR 201 Burton	Senate vote by which the McCoy/Reynolds Redistricting Plan (JR 1) was rejected; in doing this the Senate "invited conference" with the House in hopes of negotiating a mutually acceptable plan; the invitation to conference was rejected by Spkr McCoy.	I	S	29-18-1-2	yea
